Research Project on Pressures Facing Non-Profits

The Federation of Community Organizations and Phoenix Youth Programs recently received more than \$200,000 to undertake a major research project on the labour pressures facing Nova Scotia's nonprofit/voluntary sector. It is the first time that a province-wide study of this nature will be conducted in Nova Scotia.

If you are interested in contributing to this project (i.e. being interviewed, completing a survey), please e-mail the project as soon as possible at nfpresearch@gmail.com with your name, job title and organization, e-mail and phone number so that you can be contacted by the consultants.
